Gemini's Guide to the Thailand market salaries is prepared from three main sources of information:

- An analysis of Gemini's database of vacancies and applicants
- Discussions with clients – mostly foreign invested companies.
- A review of positions advertised in the local media

This guide is intended to give approximate salary ranges for the positions as described. Specific skills or experience requirements can mean that a premium may need to be paid. Salaries are based on a 13-month per year payment. Gemini consultants are always available to advice on categories not shown in this guide or on more detailed job descriptions.

This guide is updated quarterly and when significant changes are observed in the market place.

The guide is available through [www.gemini-global.com](http://www.gemini-global.com).
